Empowered Girls... Successful Women

Ellas' Road to Success:

During the 2 week-long experience, significant time is dedicated to leadership development and STEM. Throughout the entire camp, girls will also learn mindfulness using the 7 Mindsets methodology, an international model that teaches simple principles that increase extraordinary levels of happiness, meaning, and success in life.

Besides workshops, seminars, corporate roundtables and case studies, at Telemundo, eMed, and non-profit entities, participants will learn from each other's cultural backgrounds while also discovering more about themselves.

The Ella girls arrive with curiosities, create their own social impact plan, and return home empowered and focused on their success!
